## Elementary economics

DEAN HOFFMEYER/TIMES-DISPATCH

Anurag Kanapuram of Jackson Davis Elementary School sold colorful pencils with handmade caps yesterday during Mini-Economy Market Day at Virginia Commonwealth University. The event gives students real-life experience in creating, marketing and selling products. Katie Rose of Greenfield Elementary School got very involved in the marketing phase, turning herself into a billboard and using a megaphone to advertise her homemade flubber. **(Details, B9.)**

**Little  
kids,  
big ideas**
